

Questionnaire: Watching Selected Movies

To analyze password hacking and guessing in movies in detail, selected movies were watched and the following questionnaire was filled:

Basic Movie Information:

- IMDB-ID, name, year, summary (*1 sentence*)

Password Appearance:

- When is the password shown? (*timestamp*)
- What happens? (*keyword*)
- What is the password used for?
(*Use case, e.g., a computer or a bank account*)

Password Hacking (or Guessing²):

- When is the password hacked? (*timestamp*)
- How exactly is the hacking performed?
- What is the goal of getting the password?
(*e.g., getting money, deleting information, etc.*)
- Is the hacking successful? (*in the end*)
- How many attempts are used?
- How long is the whole hacking process? (*in minutes*)
- Are there any tools shown?
- *If YES*: What tools are shown? How are they used?

Involved People: Who is Hacking the Password?

If it is ONE person:

- Is this a main character, of average importance or supporting actor?
- Is this *hacker* working for someone else? *If YES*: Who is this person?
- Is it one of the *good* or the *bad* guys in the movie or a neutral position?
- What is the role of this person in the movie? (*1 sentence*)
- What is the connection between this person and the person whose password is hacked?
- How is the computer science knowledge of this person?

If it is a TEAM or GROUP of people:

- How many people belong to the group?
- Is one of the people main character of the movie?
- Are the people the *good* or the *bad* guys in the movie or a neutral position?
- What is the role of this people in the movie? (*1 sentence*)
- What is the connection between this people and the person whose password is hacked?
- How is the computer science knowledge of this people?

Involved People: Whose Password is Hacked?

- Is this a main character, of average importance or supporting actor?
- Is it one of the *good* or the *bad* guys in the movie or a neutral position?
- What is the role of this person in the movie? (*1 sentence*)
- How is the computer science knowledge of this person?

Password:

- Is a password shown?

If YES:

- What is the password?
- Is the password shown in the subtitles? (*check subtitles*)
- *If YES*: Is it the same password shown in the scene?
- *If NO*: Why is the password not shown in the subtitles?

Additional Questions:

- Is the password hacking of any importance for the story of the movie?
- Do you suggest any additional codes for the scene or movie?
- Is there anything else you want to say? (*comments*)

²For guessing: Replace the word *hacking* with the word *guessing* for each question.
